

# Webasto ChargeConnect Updates September 2023

## Performance improvements of the cloud

This month, Webasto ChargeConnect focused on improvements to the overall user experience. As a result of these changes, the loading speeds are much better and especially the display of larger overviews of charging stations or many charging sessions happens in a split second now.

## Guest vouchers are available in German

Our newest premium feature, the guest vouchers, were only available in English with the initial release.

With the latest Webasto ChargeConnect update, the language can be changed also to German from now.

## Webasto's digital solutions live on stage

Our sales managers, consisting of:  
Laura Nonte ([laura.nonte@webasto.com](mailto:laura.nonte@webasto.com))  
Daniel Thürmer ([daniel.thuermer@webasto.com](mailto:daniel.thuermer@webasto.com))

gave a presentation at this year's DASG annual congress about our digital service 'Company charging incl. payment via SAP/ERP'.

If you are interested, they will be happy to hear from you.
